

Miss McNulty

Primary 2/1

Term 1 Newsletter

What we are learning about:

Numeracy

In Number, Primary 1 will be learning to count, read, order, write and recognise numbers 0-20. We are going to create shape and colour patterns. We will be learning the days of the week and months of the year. Primary 2 will be learning to count in 2s and 10s and identify the missing number in a sequence. P1 & P2 will also be using the language of measurement through lengths, weight and capacity and making comparisons.

Literacy

In Literacy, Primary 1 will be learning about sounds; recognising a sound by looking at a letter and identifying words that start with that particular sound. We will also be learning to blend these sounds together to make words. Primary 2 will be learning two letter 'magic' sounds and finding them within words. We will also be using these sounds to help up spell words accurately. In Listening and Talking, P2/1 will be working on being a good Audience.

Health and Wellbeing

In PE we are working on our team work skills, ensuring that we understand what makes a good team mate and how to effectively communicate with others. We will also be looking at what makes a good friend and the importance of kindness, gentleness, caring and sharing.

Things to remember...

PE: Our PE days are Monday and Friday. Please ensure that your child has a full Gym kit and no jewellery otherwise they will not be able to take part.

Home Learning: Your child should bring their Home Learning folder to school with them every Friday. Home Learning is a mix of activities and reading from the Home Learning folder and activities on Seesaw. This is to ensure a variety of tasks to make Home Learning enjoyable for your child. Please share any achievements through Seesaw so that we can celebrate them in school.

Our Topic.... During this term we will be exploring SHANARRI. This will help us to develop our health and wellbeing and give children a deeper understanding of the 7 well-being indicators. Leader in Me will also remain a big focus in class, with the children learning about the '7 Habits' that make us effective leaders!
