

Miss Diamond and Miss Lappin Primary 3 Term 3 Newsletter

What we have learnt about:

Maths

Mental Maths: In term 3, we will continue to develop our division and multiplication strategies as well as begin to look at understanding how to work out word-based problems. We will develop our rounding skills as we learn to round to the nearest 100, as well as, solve missing number equations.

Mathematics: We will be learning to make different amounts of money using coins and notes up to £20 and identify coins and notes to make the same amount different ways. We will be learning about fractions and finding fractions of amounts.

Literacy

Reading: This term P3 will complete a class novel study on 'The Owl who was afraid of the Dark'. The children will continue to develop their reading strategies to help them understand texts better. Primary 3 will also work on their answering open and closed questions on a text.

Listening and Talking: We will be working on developing our Group Talk skills. They will be introduced to specific roles that are adopted during groups talks to get the best out of their discussions. Primary 3 will also develop their understanding of fact and opinion.

Writing: This term Primary 3 will develop their writing skills within Exposition and Narrative writing as they learn the specific features of these texts.

Health and Wellbeing

We will continue to look at identifying and managing emotions through the Emotion Works program. Primary 3 will continue to look at the 7 Habits across their learning. In PE we will be working on how to be a good team player when participating in Team Games.

Religious Education

This term we will discuss Baptism, forgiveness and the Holy Trinity. We will engage with Bibles stories that illustrate God's love for us. Some of the children will be preparing for the Sacrament of Reconciliation.

Things to remember...

Try to provide **healthy** snacks and packed lunches where possible. Please remember that we have pupils with nut allergies so please avoid food that contain nuts.

PE: Monday's and Wednesday's are our PE days. Please bring in a full change of PE kit for both days (No jewellery or false nails)

Homework: Children will be given homework tasks to complete as stated in previous Showbie message.

Outdoor learning: This term we are continuing with outdoor learning. Please ensure your child has suitable footwear and outerwear every day.

Our Topic

This term our topic is Global Goal 6 clean water and sanitation. In science, we will be looking at explaining and showing understanding of the terms 'soluble' and 'insoluble' in our dissolve topic as well as magnets and their properties in our forces topic.
